How would you use the platform of this elected office to advance gender equity?

As in the past, I will use the endorsement in all campaign literature. I think there is still a long road to achieve gender equity. I believe EBWPA is on this course.

How will you work to end discrimination based on age, race, religion, sex, sexual orientation, gender identity, immigration status, marital status, socioeconomic status, and disability?

As a disabled woman of color from an immigrant family serving on a City Council, I believe I champion social justice in the things I do and in the way I vote.
