How would you use the platform of this elected office to advance gender equity?

I am fully committed to gender equity and will promote gender equity in all of my work. My focus on affordable housing, pedestrian and public safety and economic development can help families work, live, and thrive in our community.

How will you work to end discrimination based on age, race, religion, sex, sexual orientation, gender identity, immigration status, marital status, socioeconomic status, and disability?

I will remain committed to supporting legislation that continues Berkeley's reputation as a Sanctuary City that welcomes all. We need to make sure that Berkeley remains a diverse and welcoming place for all. In order to welcome people into our community, we have to support affordable housing and housing of all types so our community can be a place of refuge. We must ensure that our residents are safe from traffic violence and crime as well. I have a long track record supporting equity and most recently co-authored our equity paving plan.
