

## Exposing the Enemies Within

For your briefing this week Trevor Loudon joins Kevin Freeman to discuss his latest *Enemies Within* documentary.

Loudon has studied communism since the '80s and shares unique insights on how even a small group of communists can manipulate and control policy formation in the US. Now, we see an intense effort to infiltrate the church. The church is the backbone of America, and it has been a Marxist target for over 100 years. Today, there has been an even deeper push to bring Marxism among the Evangelicals and Southern Baptists since they tend to vote as constitutional conservatives and against Marxism and socialist agenda.

Unfortunately, as the Cold War came to an end many in America thought this was the end of the evil communist agenda. The reality is that it was more of a strategic reset and Marxism has been allowed to spread across America.

As America is weakened on all fronts it appears our adversaries may be preparing a final push against the US. There is good news. Patriotic Americans now understand that we could lose this country and there is real fervor to save America! You can make a difference.

**Your Mission:** To understand and STOP the communist Marxist agenda in America and the church.

Ep. 5-182 (OSINT) Open-Sourced Intelligence Report. This briefing includes conversations with Kevin Freeman and Trevor Loudon. Trevor Loudon is an author, filmmaker and public speaker from Christchurch, New Zealand. For more than 30 years, he has researched radical left, Marxist, and terrorist movements and their covert influence on mainstream politics.

Trevor Loudon's thesis is that what is commonly regarded as mainstream political policy is in fact often driven and guided by hidden subversive elements. The Democratic party's consistent defunding of the US military, Obamacare, the Iran Nuclear Deal, normalization of relations with Cuba, Islamic refugee re-settlement, \$15 minimum wage, fracking bans, pipeline shutdowns and the push for illegal alien amnesty are all consistent with far left and Islamist agendas.

Trevor Loudon believes that these forces must be exposed and countered, as America's continued role as a bastion of freedom is pivotal for the future of western civilization.

**1. Communist Party Secrets – How a small group can influence mainstream politics.**

Lessons from someone that infiltrated the Pro-Soviet Communist Party.

Loudon reflects when he first started watching the effects communism.

It was back in the 80s, they got hold of the foreign policy in New Zealand and banned nuclear warships from our harbors. This destroyed New Zealand's military alliance with the United States, and it was all orchestrated from Moscow.

"I interviewed extensively a New Zealander who had infiltrated our Pro-Soviet Communist Party, the Socialist Unity Party, for our security services. So, he was right inside the Communist Party. In 1983, he was sent to Moscow to train at Lenin's Institute for Higher Learning. He was a patriot that had infiltrated, snuck in (now, amazingly, it was acknowledged and known that he was going in, the people understood that he was going) to this Lenin thing in Moscow." –Trevor Loudon

**He was undercover as a communist. They thought he was a genuine communist.**

- › Three-and-a-half thousand students from all over the world were being indoctrinated in Soviet programs.
- › He was there when Reagan invaded Grenada. And the Soviets went ballistic because that was supposed to be the second Cuba.
- › He was there when they planned New Zealand's anti-nuclear legislation. He took part in it. He advised on it. And he helped to implement it when he got back to New Zealand.
- › He was allowed to go to the school, and he was reporting back to our security services before and after.

**If he'd been caught, if they knew what he was, he probably never would have gotten back.**

"After he did his work, our security services so distrusted our prime minister (because our labor figures, our senior figures were working with the Communists) that they had to take him out of the Communist Party because they couldn't – because the prime minister was also head of the security

services. Later, they could not trust that Prime Minister Lange would not expose them to the Communists. After this patriot had been to Moscow, they withdrew him for his own safety. Even though he was providing fantastic information, they could no longer guarantee his safety while that man (Lange) was the prime minister of our country." –Trevor Loudon

### Case Study- Insider Secrets - How the Communist Infiltrate Policy

The Patriot's insight and the big secret to Communism is this:

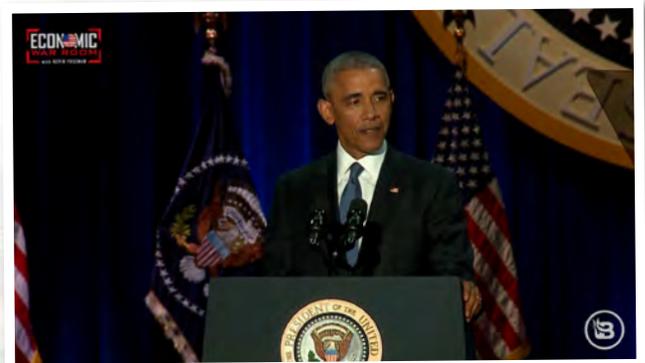

**ATTENTION: It is not atom bombs; it is not invading countries. The secret of communism is how a small group of communists can influence the mainstream politics of the country.**

What he shared was this, basically everything that came out of the Canadian liberals at the time, the US Democratic Party, the Australian Labor Party, the German Social Democratic Party, came from Moscow.

#### How they did it:

They set a policy, it might be nuclear disarmament, it might be (in more modern times) Obamacare or Open Borders.

- » They would give that policy to the American or the Canadian or the Mexican or the French Communists.
- » They would take it back and make it labor union policy, and the labor unions would make it Democrat policy or Canadian Liberal policy.

"Everything we were seeing under Obama, from Obamacare to Open Borders to fracking bans, all of it was communist policy that came into the Democratic Party through the labor unions. That is the process." –Trevor Loudon

**This process is how 300 communists in New Zealand could write New Zealand's foreign policy.**

“I used to be a baker in New Zealand. I ran bakeries. But I was also involved in politics, you know, local politics and national politics in New Zealand. And what I was discovering was the massive communist infiltration of my country. Back in the 80s, they got hold of the foreign policy in my country and banned nuclear warships from our harbors, which destroyed our military alliance with the United States. That was orchestrated from Moscow.” –Trevor Loudon

## 2. The communist infiltration did not stop after the cold war in the '80s.

### The '80s was just a strategic retreat.

Loudon explains it was going on during the Obama administration.

“After the so-called collapse of the Soviet Union, which I don't really regard as a genuine collapse, it's been harder to pinpoint the deep origins, whether it's Chinese or still Soviet. **I can absolutely pinpoint the Communist Party and Democratic Socialists of America origins of most of Obama's policies from the Iran nuclear deal to Obamacare to Open Borders. All of it was communist policy.**” –Trevor Loudon

“**All the activity looks like** Communist Party, but nobody would believe it because they are thinking, ‘We won the Cold War. It's over. It's done.’”

–Kevin Freeman

### Nobody told the communists that communism is over after the Cold War.

“What we're seeing right now, Putin is trying to resurrect the old Soviet empire. The KGB never went away. They still had the same goals. They've still had the same foreign policy for years. They've still been working with Venezuela and Cuba and Angola and Mozambique, the same as they did in the Soviet days. The foreign policy never changed. And now it's coming back. But, you know, we thought that communism was over, so we focused on Islam and other threats, but it was really a strategic retreat.”

–Trevor Loudon

**“And if you think about it this way, say if you had a cancer in your body, and you cut 90% of it out, but you left 10% in and then you stopped all treatment for 30 years. What would your body look like? It’s going to be all over. That’s where we are in America today.” –Kevin Freeman**

**3. If President Biden was a paid-up China agent, what would he do differently?**

Is the government of America represented by Barack Obama, Susan Rice, and Xi Jinping?

**A look at Communist Infiltration today.**

“Joe Biden is doing everything he can to help the communists. If Joe Biden was a fully paid-up Chinese or Putin agent here to destroy the United States, what would he be doing differently? He’s just on foreign policies, just given Afghanistan to the Chinese. He’s about to surrender the Ukraine to Russia, probably Taiwan to the Chinese.

- » The communists want us to be completely energy dependent on them.
- » Biden is refusing to open our energy reserves, the one real weapon that he would have against Putin.
- » Instead, he wants to buy our oil from Iran and Venezuela, which are both Russian allies.

So, yeah, absolutely. The communists are in control!” –Trevor Loudon

**Don’t not be fooled by the media spin.** It appears Biden is fighting with Economic Warfare with Russia.

If Biden was serious about stopping Putin, he would have done something and said something before the invasion started. When he could really do something.

- » He has hung back on doing the things that would really hurt the regime, which is cutting off their oil dominance.
- » America is awash in oil, but America is not allowed to use it to counter Putin.
- » America now has to buy oil from Putin’s allies like Iran and Venezuela.

It shows he is not serious about stopping Putin at all. He must show the appearance of it, but no real substance.

**4. A look at Joe Biden's political career - Loudon summarizes the below:**

Biden has been working for groups like the Council for a Livable World, which was set up by Soviet agents. They got him elected back in the 70s.

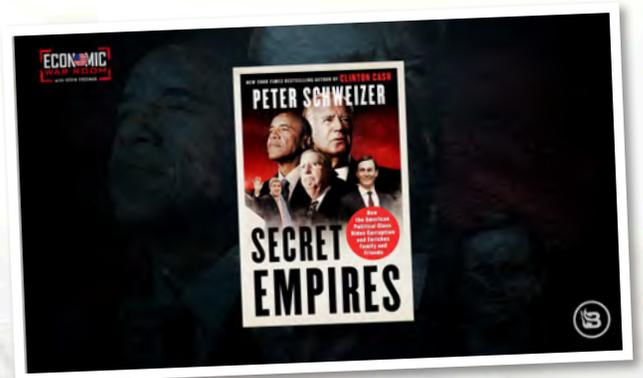

- » During the 80s, you've got to remember, Biden was one of the most left-wing senators.
- » He was always standing against Reagan when Reagan was trying to counter the Soviets.
- » When Reagan was trying to stop communism in Latin America. It was Biden, Ted Kennedy, and John Kerry as the hardest left senators on foreign policy, and that's carrying through today.
- » He just gave Afghanistan to China, and now he's about to give the Ukraine to Russia. And it won't just be the Ukraine. It'll be a whole bunch more than that.

**Look at Peter Schweitzer's, Secret Empire** as he talks about how they've all been complicit corrupted.

"I would say right now, the government of America is really probably Barack Obama and Susan Rice, and Xi Jinping." Trevor Loudon

- » We are seeing a foreign policy that reflects that.

If Xi Jinping was running the government right now, what would he be doing different than what we're seeing today?

### 5. The Two Different World Views:

There are two different evil and competing world views for control fighting against liberty.

- » One of them is built on Aldous Huxley's *Brave New World*.
- » The other is built on George Orwell in *1984* and *Animal Farm*.

"I see Xi Jinping and Vladimir Putin as wanting to get to the complete control through force and that sort of thing. But I see the George Soros' Open Society version is, 'We'll give you all the sex you want, all the drugs you want, and we'll just denigrate the morals of society. But in the end, you still work for the world state.'" –Kevin Freeman

"I don't see it as either/or. I see it as both. You know, there's been a long-term plan orchestrated by the Soviet Union, orchestrated by China, Cuba, etc. And I see Soros as part of that. You've got to remember, you know, George Soros was allowed to leave Soviet occupied Hungary, travel through Soviet occupied Austria on his trip out to the West when he'd been working as a Nazi collaborator in Hungary. How would you do that if you hadn't made a deal with the Soviet authorities? Wouldn't it be easy to get rich if a Foreign Intelligence Service was feeding you financial favors?" –Trevor Loudon

It's complimentary, they have pushed the West so far down militarily, psychologically, morally, etc. **There will always come at time that force will be employed.** And I think we've come to that point now. They've taken us to our weakest point ever.

### 6. America is weakened, are our adversaries preparing a final push against the US?

Unrestricted Warfare against the US is being executed perfectly.

#### A. Where we are at today in America:

- » The economy is in shambles.
- » The CCP COVID has done its damage.
- » We've got the weakest president we've seen for decades.
- » We have the worst race relations
- » The military's at a very low ebb.

**When would be the best time for force?**

- » Black Lives Matter was a Chinese operation run by Liberation Road, a pro-Chinese Communist Party with deep connections to the Chinese consulate.
- » The Chinese hurt our economy with COVID, burned our cities with Black Lives Matter, which is a Chinese operation according to Loudon.
- » The Chinese did all sorts of shenanigans in the elections.
- » They weakened the morale of this country.
- » They are involved in education.

**Eventually it comes to a point when we're weak enough that force will be applied, and we may well be at that point now.**

**B. Force could be applied in multiple ways:**

- » An intended invasion of our country.
- » The use of an electromagnetic pulse or cyber-attack on the power grid.
- » Or our own government applying force on our people.

**All the above are real threats, and they'll push each one to see which one works.**

**C. Unrestricted Warfare** - Look at the book **Unrestricted Warfare**. It was written by two top Chinese military officers. And they said China's goal was to destroy the population of this country, then occupy this country and use the land and the resources for their people.

**China is not afraid** to use unconventional methods to achieve that. Other methods of Unrestricted Warfare include:

- » Chinese fentanyl, which killed 80,000 people last year. That's the unrestricted warfare
- » Buying up US land
- » stealing patents
- » stealing technology
- » buying up politicians
- » biological warfare
- » EMP attacks and more.

**“Every single bit of it will be used according to what works at what time, but they will go nuclear. They’ll go full on nuclear with the Russians, if that’s what it takes.”**

**–Trevor Loudon**

**The premise of the book is you do whatever it takes to win and there are no restrictions, None. Unrestricted Warfare, biological, psychological, moral.**

- » They are in the churches.
- » They’re in the education system.
- » They’ve got control of Hollywood.
- » They’re indoctrinating our kids and stealing information through TikTok and all these Big Tech platforms.

**All of it is designed to weaken this country in preparation for a final push that defeats America.**

“The Chinese and their Russian friends don’t want to just economically dominate America or win the global status race. They want to physically dominate and possibly destroy this country if they can do so.” –Trevor Loudon

#### **7. Communism in America’s churches? You may be surprised by who it is.**

People who have been in high positions and Bible colleges and seminaries.

**The problem today in our culture is that many of our words have been co-opted and stolen and dumbed down and reversed.**

“The church is always the backbone of America and America’s enemies way back, 100 hundred years ago, decided you couldn’t take America from the outside. You’d have to do it from the inside and the churches were the first target.” – Trevor Loudon.

**The very first Communist Party front in America was the Methodist Federation for Social Action.**

That has gone on for quite some time. In the 1920s, communists were told to go back into their churches to get influence.

- » They infiltrated the Catholic Church.
- » They've started to infiltrate even the Evangelicals and the Baptists because these were the people who would vote for Ronald Reagan or Donald Trump and set the communist agenda back.

**There's been a very deep push in the last few years to bring Marxism into the evangelicals and even the Southern Baptists.**

**Trevor Loudon produced a movie called, *Enemies Within The Church*.**

It traces the history of this movement and names perpetrators.

- » It includes some very well-known Christians in this country.
- » This will shock a lot of people.
- » There are a lot of whistleblowers in the movie. People who have been in high positions and Bible colleges and seminaries.
- » People have seen the indoctrination, have identified the perpetrators, and tried to challenge the perpetrators at various times as well.

"This is, I think, the most shocking movie, documentary ever done on American Christianity. It's a crime story. And it's a story of hope as well." –Trevor Loudon

**CLICK HERE TO WATCH THE TRAILER**

---

"When I graduated from college, Reagan was president and I had so much hope. Like we were beating the Soviet Union. I watched the Berlin Wall fall. I thought freedom had won and all people around the world are going to benefit from that. And then I've watched that erode. You've explained why it was eroded and how it was eroded." –Kevin Freeman

---

**8. Where America stands today? Are we in a Revolution?**

We've got to face reality. We are in a revolution in this country.

**WARNING: There are forces internally and there are forces outside the country that want to do us major harm. When we face that reality, we can start to fight back. Most of us are not at that stage yet.**

**Good News: COVID Brought awareness to what is going on.**

"We have had millions of people sitting at home for two years reading their kids' school textbooks, watching their cities burn down by pro-Chinese anarchists, watching an election stolen in front of their eyes, and they're finally waking up to the fact that we could lose this country." -Trevor Loudon

There are Groups starting up, people are moving into politics, people getting active. Also, in the churches too, a lot of the home churches are getting very active. Some of the pastors are finally getting active after a long period of dormancy.

□ "Things, in some ways, are worse than we think. But they're also better than we think." □

"The greatest victories come from the darkest times, because that's when good people get off the fence and stand up and fight for their country, fight for their families and fight for their values. And I'm seeing that all over the country now. And I think as we keep doing that, we will get some divine providence to help us out."

-Trevor Loudon

**Economic War Room® shares** the story of the miracle of Dunkirk all the time. There's no question that in Dunkirk, the small ships, the individuals made a difference because they saw the problem. They were educated on it. And then they went, and they brought people home.

### **There is Hope!**

The miracle of Dunkirk is a great analogy for what's happening now because that wasn't organized centrally by the British Navy or the government. That was thousands of individuals with pleasure boats and craft who went across the English Channel and saved the British Army from total destruction.

- › There are patriots all over the country bypassing their political leaderships.
- › There are people in the churches bypassing their pastors and just getting on message again.

“There’s a real fervor out there for saving this country, and it’s encouraging to me to no end. That’s why we did the movie to get people to face reality first. So, then we could start to talk about hope.” –Trevor Loudon

### **Why Should You Care?**

- › Communism has infiltrated America, our government, culture, and our churches.
- › A small passionate active group can affect policies of a nations.
- › There is a revolution formed against America. You can help your friends understand what is really happening.
- › Many Americans have now seen what is really happening, they are passionate and ready to take a stand for liberty.
- › America is at a weak point right now.
- › China and Russia are not afraid to use unconventional warfare.
- › The end of the Cold War was just a strategic reset, not the fall of communism.
- › Our enemies are in preparation for a final push that defeats America.
- › Dunkirk shows how individuals bypassing the process can make a difference.
