

**⚠ DANGER: Was This the Biden Administration's Coup Attempt to End America as We Know It?**

With COVID variants continuing to pop up and now the WHO declaring Monkey Pox a global health emergency, it is time to better understand the recent discussions of the Biden administration potentially giving up US sovereignty on healthcare issue to the World Healthcare Organization (WHO). This week's briefing will look at what really happened and consider the risks ahead if we do not demand accountability.

While "Snopes" disclaims that this could have happened (after the fact), there are other indicators that America was closer than most of us think to giving our sovereignty over to globalist decision makers within the WHO. And like a vampire, this threat will reemerge unless we drive a stake through its heart.

**More about the World Health Organization:**

- The World Health Organization is an organization that was conjured up after World War II.
- At the time it was principally focused on trying to improve conditions that were afflicting many nations around the world with various kinds of diseases, most arising from a lack of basic public hygiene and health considerations.

**Over the years, as the world's conditions have changed, the WHO mission has morphed as well.**

- Since the end of 2019, it has had a very prominent role in anti-pandemic public health treatment and policy. Interesting timing.
- When COVID first hit, the WHO was essentially entrusted with the responsibility to lay out a **transnational policy approach for dealing with the COVID-19 virus.**

**The Problem: As is with many of these multinational organizations, the World Health Organization has been targeted for domination by the Chinese Communist Party. It is also joined in purpose by globalist Bill Gates.**

We invited Frank Gaffney back to the Economic War Room® to provide an update on what is really happening within the WHO. Also, to clarify at what the Biden Administration almost pushed through as it relates to giving up America's sovereignty and liberty.

**Your Mission:** To understand the real agenda of the WHO and ensure your representatives maintain US sovereignty. (Treaties require 2/3 majorities in the Senate as a safeguard. Our elected representatives should not give up their authority.)

Ep. 5-199 (OSINT) Open-Sourced Intelligence Report. This briefing includes conversations with Kevin Freeman and Frank Gaffney. Frank Gaffney is perhaps America's foremost national security expert and analyst. He's the founder and Executive Chairman of the Center for Security Policy. And in 1988, he began that after serving in the Reagan Pentagon as an Acting Assistant Secretary of Defense for International Security Policy. Frank is the host of Securing America TV on Real America's Voice, and he can be seen at [www.securingamerica.tv](http://www.securingamerica.tv).

## 1. The World Health Organization's (WHO) role in the Pandemic.

**ALERT: China has targeted the WHO for domination by the Chinese Communist Party.**

WHO has been joined in that purpose by Bill Gates, a Western businessman, with whom the People's Republic has dealt with extensively.

"Essentially what took place during the early days of the pandemic was that the World Health Organization began parroting what it was told to say about the virus, about its provenance, about its transmissibility, and what to do about it from the masters of the World Health Organization in Beijing." -Frank Gaffney

- » The Director General of the World Health Organization is a non-medical doctor. He is an Ethiopian Marxist by the name of Dr. Tedros Ghebreyesus, and throughout COVID was shameless in shilling for the Chinese party line.
- » His actions contributed materially to the needless loss of life around the world, including here in the United States as a result.

**Big Tech controlled the narrative as well.**

If you said anything contrary to what the World Health Organization deemed official truth, Twitter, Facebook and others would block your information and ban you outright.

**CAUTION: It was either WHO or CDC determining what the American people were allowed to hear, what the medical community was allowed to hear, and what treatments that they were allowed to use with American patients.**

The World Health Organization pushed forward what the Chinese called the China Model, which includes:

- » The quarantines
- » The masks
- » The lockdowns
- » The use of inadequately tested vaccines
- » Mandates of those vaccines to the population at large
- » Vaccine passports to enforce mandates

**All became features of the prescriptions that Tedros and his organization were pushing out worldwide.**

“They were condemning large numbers of people needlessly to death because they were denied early treatment with some very effective therapies that are widely available and very inexpensive. They were all in favor of these expensive and very problematic mRNA, essentially gene therapies. All of this speaks to the kind of complicity that this World Health Organization has had with the people who precipitated this virus, the Chinese Communist Party.” -Frank Gaffney

2. **Event 201 - The effects of a pandemic were modeled ahead of the pandemic.**

**Was COVID 19 Pre-Planned or just the perfect opportunity?**

The Players:

- » **Bill Gates**, (the Bill and Melinda Gates foundation had been prominent in international health enterprises, along with other philanthropists and government entities here in the United States.
- » **The Chinese Centers for Disease Control** was also participating.

At Event 201, they did a series of tabletop exercises in which pandemics were modeled and the various techniques that could be utilized in response to them.

The goal seemed to strengthen and add to the power of the World Health Organization and supranational entities. The most recent one, was held in the fall of 2019.

**It is known as Event 201, and it should concern you.**

**WARNING:** You can still see online seven hours of the video in which this game modeled the effects of a coronavirus pandemic.

- » It shows how they could be utilized to build up the World Health Organization
- » Pour more money into the WHO coffers.
- » Increase dramatically its ability to dictate what would be done by nations around the world, including ours, in response to a pandemic.

3. **The absolute coup that just almost happened here in 2022 with proposed amendments to the WHO treaty.**

**Frank Gaffney summarizes the situation:**

In January of 2022, The Biden administration surreptitiously, at the last possible moment, supported **13 amendments** to what are known as the International Health

Regulations that the World Health Organization is supposed to be implementing.

- » Those regulations were to be modified, if the Biden administration were to have its way, in a whole series of steps, they would have diminished the sovereignty of the United States and other member nations of the World Health Organization.
- » It would have essentially entrusted to Dr. Tedros Ghebreyesus, the responsibility to determine what is a public health emergency of international concern.
  - He (WHO) would have the authority at his discretion to decide whether something was a public health emergency of international concern.
  - He (WHO) would also be able to direct what would be done in response to it.

---

**Ask Yourself:** Tedros Ghebreyesus is a **non-medical doctor and an avowed Marxist.** Does it make sense to give America's sovereignty to him and the WHO?

**Tedros also appears to be working with the Chinese Communist Party,** which has a direct involvement, of course, in precipitating this pandemic and a couple of others that preceded that.

- 
- » President Trump decided that he would suspend our funding of the WHO. Trump was certainly disassociating ourselves from the work of the organization.
  - » Biden's team reversed this when he took office as he had done with so many other Trump decisions.
  - » Today, we are spending a substantial amount of our money supporting WHO. (Bill Gates is as well with his foundation.)

**TRUTH: Giving WHO more authority was at play!**

**CAUTION:** The effort was made to keep the new WHO authority from public scrutiny. Around the latter part of April that there was some acknowledgment in the Federal Register, that these amendments were indeed in play and alarms in America were sounded.

**The more people investigated, the more it was clear that what was going on was not in the national security interests of the United States or the public health interests of the United States.**

As people realize what was taking place, it was the last week of May at the World Health Assembly, some member nations got together and stopped this.

**THANK YOU AFRICA AND BRAZIL! Most of Africa and several other countries including Brazil, said, "We are not giving up our sovereignty!"**

---

"Thank God for Africa standing for sovereignty, but it appears the United States government was prepared to do so." –Kevin Freeman

---

Fortunately, when enough nations stood up, the amendments were not approved as the administration had sought.

**"I fear we're not out of the woods, however. I think what we've had is kind of a stay of execution." –Frank Gaffney**

**The idea of where Biden and WHO was headed was crazy:**

**Number One:** We are funding the World Health Organization. It's our money being used to steal our sovereignty.

**Number Two:** We must ask ourselves why are we in this in the first place? We tried to get out and Biden put us back in.

"It reminds me of Hotel California. You can check in, but you can't check out." –Kevin Freeman

#### **4. The Set Up for a One World Government.**

The idea of this sounds like one world government being proposed. Former Congresswoman Michele Bachmann raised this issue.

**It seems this was a test run to see what they could get away with.**

"Snopes can say, 'No, it (the amendments supported by Biden) wouldn't steal your sovereignty.' Maybe not today. But what if this guy, this Marxist, said, 'You know what's a national health emergency? The climate!' And so, we are forced to stop the use of automobiles in the United States. It seems like they were headed that direction. They can make ANYTHING out to be a public health crisis."

-Kevin Freeman

**ATTENTION: There's an effort underway both within those public health regulations, international health regulations and in a new pandemic treaty that is being negotiated to see whether they can get a similar kind of sovereignty surrender enacted.**

"At a very minimum. What they've done is they've ramped up their permissions to examine all our private information, to get involved, to see, to study, to understand what we're doing, which is a complete violation of our privacy. -Kevin Freeman

OUR SOVEREIGNTY WAS IN PLAY! SNOPE- WILL TELL YOU THERE IS NOTHING TO SEE HERE AND IT DID NOT HAPPEN. IN THE ECONOMIC WAR ROOM THEIR RESPONSE APPEARS TO BE THE SNOPE VERSION OF REVISIONISM ONCE THE PROCESS DID NOT MOVE FORWARD AS HOPED.

Gun violence might be another example of what the WHO would describe as a public health emergency of international concern. And to the extent that he would be able to dictate what we would have to do about it. How convenient for an administration that might not be up to the job of disarming us, but happy to have somebody else do that. -Frank Gaffney

5.  **CAUTION - What are they really doing with your data? How Globalists are using tech to gather your data.**

**ATTENTION: Both, the World Health Assembly meeting in Geneva at the end of May, and the World Economic Forum meeting in Davos up the road in Switzerland were focused on gaining access to your personal information.**

The idea of utilizing technology to gain access to all of our personal information -- health information, but also all other kinds of data.

- » It is being used by capitalist globalist like Davos.
- » It is also being used by the communist side like Communist China or Dr. Tedros office at the WHO.

The Digital Gulag is in the works globally:

- » So-called digital passports or health cards have the potential to create an infrastructure, for the Digital Gulag.
- » Look at how the Chinese Communist Party has perfected the surveillance state apparatus and their aggregation of data from facial recognition, gait recognition, surveillance cameras, your Internet operations, and every other aspect of your life now.
- » China uses quantum computing and artificial intelligence and other techniques to manipulate and provide situational awareness about every individual in China, their whereabouts, what they're doing, what they're thinking.
- » This all becomes an instrument, as a wholesale invasion of our privacy, but of control, and control of populations.

"In Davos, they talked up about a gambit to the environment, social justice, governance, crowd, ESG, and a global carbon footprint tracker. They also telegraphed that the World Health Organization had commissioned T-Mobile to begin building out a digital health card for every human being on the planet. All of which inevitably leads to a loss of privacy, but also this supranational domination of the entire world and at the expense of all of our freedoms, and ultimately, I think, our lives." -Frank Gaffney

**6. ATTENTION: THIS IS NOT A CONSPIRACY THEORY!**

We continue to see a normalcy bias in America with people thinking this cannot happen here. "Oh, that's a conspiracy theory." The Center for Security Policy and Frank Gaffney have led and documented the reality of this with key thought leaders.

You can learn more from the Center for Security Policy at these links:

**THE CHINA THREAT:**

Go to [www.presentdangerchina.org](http://www.presentdangerchina.org), the Committee on the Present Danger of China, to see incredible webinars.

**THE DIGITAL GULAG:**

There have been two webinars on the Digital Gulag that have also validated what is happening.

These sources above are validated by experts and documented. The CSP has scientists, medical doctors, and people who were tracking closely the World Health Organization (WHO).

Some of the thought leaders and subject matter experts include:

- » Michele Bachmann featured prominently in the first series.
- » Congressman Pete Hoekstra in both the first and the second.
- » Steve Kirsch, a Silicon Valley entrepreneur, very deeply knowledgeable about these digital technologies.
- » Naomi Wolf, who's been really at the cutting edge of warning about this as well, as she warns against creeping galloping totalitarianism.

"Naomi Wolf, who was a darling of the left until she started standing up for individual liberty. She's been pretty consistent in terms of that small L, liberal tradition, but it's definitely not part of the left agenda any longer, and neither is she." –Frank Gaffney

- » Reggie Littlejohn, who's been all over the digital passport business and how it really does conduce to a loss of privacy and freedom.

“It’s really important work to be shedding light on what the ultimate objective is of these globalists of one stripe or another. And what they mean to do to put us out of business as a nation that stands for freedom and enshrines it in our Constitution.” –Frank Gaffney

---

## 7. A look at Solutions to address it – What needs to be done now!

“America under President Trump was at the mercy of the permanent bureaucracy, like the CDC, the NIH and the World Health Organization. He fought back, but there was so much about what we were allowed to hear, say, and do that was dictated to us, not from our elected officials, but from the technocracy and from the globalists and from the Marxists.” –Kevin Freeman

**We need to raise awareness** and ensure people have the information they need to make informed judgments about what’s going on.

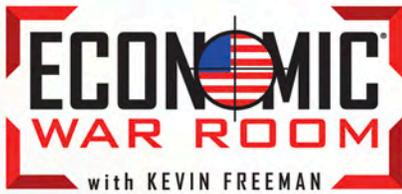

“The vast majority of us, I think, at this point are now persuaded that what the Biden administration is doing is a wrecking operation. It’s not simply incompetence, it’s malevolence. When you look at a government of the United States purposefully, deliberately, knowingly trying to undermine our Constitution by surrendering our sovereignty to a transnational organization, you just have to realize that this is upon us and that’s where we begin in trying to take corrective action.” –Frank Gaffney

### A formal review process:

- › Gaffney suggests that there must be going to be a formal review process undertaken by the United States Senate of whatever the administration is doing.
- › If not with these health regulations, certainly with this new pandemic treaty? That must happen.

### A Treaty requires a two-thirds majority:

- › Remember: A treaty requires, under the Constitution of the United States, a two-thirds majority of the Senate voting to advise and consent to the treaty. That is a safeguard, a quality control mechanism that is vital.
- › We must compel our senators to stand up and be counted. Unfortunately, they’ve not been much in evidence on this issue to this point.

“Frank, you’ve done great work here. Thank you for what you’ve done. The Committee on the Present Danger, what these webinars have done to raise awareness is fantastic!” –Kevin Freeman

## Why Should You Care?

- › The WHO has a specific globalist agenda that wants to deny sovereignty.
- › The US funds the World Health Organization. It’s our money being used to steal our sovereignty.
- › As it relates to treaties, our representatives in the Senate seem to willfully give away their authority.
- › Globalist are using Technology to gather your data and potentially enforce their ability for control.
- › Digital passports or health cards have the potential to create an infrastructure, for the Digital Gulag.
- › The Biden Administration funded WHO after Trump took funding away. One should ask why Biden felt it was important to reverse this order.
