Decision

6. The Authority has carefully considered information supplied by the Provider and is satisfied, on the balance of probabilities, that there is sufficient evidence to substantiate an offence under section 165 and 167 of the *Law* in this instance, in that the Provider did not ensure that all children were adequately supervised at all times, or protected from harm or hazard, while in the care of the Service on 31 March 2025.
7. The *Law* outlines a range of statutory actions which may be taken by the Authority in response to non-compliance. The Authority has the flexibility to choose the most appropriate action to support you to achieve compliance and improve outcomes for children.
8. Considering the evidence, the objectives and guiding principles of the *Law*, the compliance history of the Service, and the advised of steps taken by the Provider to mitigate risk of a similar occurrence, the Authority has decided to issue this administrative action rather than statutory compliance actions to address the non-compliance.
9. This decision services to remind the Provider of their obligations and responsibilities under the *Law*, and to ensure that staffing and supervisory processes and educator practice is monitored regularly to ensure ongoing compliance with the *Law* and encourage continual improvements for outcomes for children.
10. This Decision will be recorded on the Service's file and may be considered in any future applications for approvals, amendments, or waivers. It may also be considered in determining the action to be taken, should further breaches of the *Law* or associated Regulations be found.
