

# Reception

April 20, 2022

Vancouver, British Columbia

*equal voice*  
FOUNDATION

Women make up more than half of British Columbia's population, yet are still under represented in the Legislative Assembly in BC. As time changes, politics must too. As time changes, politics must too. For legislatures to be representative of the Canadian population, it is imperative to bring a diversity of women and gender diverse folks voices, concerns and experiences to the table. The Equal Voice Foundation is committed to working with all political parties to address the gender gap at all levels of Canadian politics.

In partnership with Equal Voice British Columbia, the Equal Voice Foundation is hosting a reception to celebrate the accomplishments of women in the British Columbia legislature and to raise awareness on the need to keep moving forward.

We invite you to join us in beautiful Vancouver, British Columbia for a charitable reception as we celebrate the outstanding contributions women have made to federal and provincial politics.
