

# How Can You Help?

Change starts with all of us! Every one of us can be a champion for public schools — speaking up, showing up, and building the support our schools deserve.

## 1. Know the Issues

- Smaller classes.
- More investment in public schools.
- Respect and support for educators.
- Resources and supports students need to thrive.
- Use the schools cuts tool to see how much has been cut in your community.
- Download Building Blocks for Better Schools to learn more.

## 2. Get Involved

- Follow us on social media to stay informed.
- Join the Building Better Schools community — sign up for emails to get updates.
- Help spread the word by sharing our tools and resources.

## 3. Speak Up

- Parents and educators are the most trusted voices when it comes to what's happening in Ontario's public schools. Don't be afraid to talk about the challenges you see every day.
- Inspire action in your community by circulating Building Better Schools' shareables, online actions, and activist toolkit with your networks.

## 4. Reach Out

- Contact your MPP and school trustees.
- Request a meeting to talk about the investments our public schools need.
- Review the Building Better Schools website ahead of your meeting for key messages and talking points.
