

Tītoki – Key Message 1

We need mandatory training on FASD for policy makers and professionals working in frontline and support services.

FASD-CAN

Fetal Alcohol Spectrum Disorder
Care Action Network

Tītoki – Key Message 2

There must be quick access to affordable and accurate diagnosis.

FASD-CAN

Fetal Alcohol Spectrum Disorder
Care Action Network

Tītoki – Key Message 3

Our whānau, carers and families need more support.

FASD-CAN

Fetal Alcohol Spectrum Disorder
Care Action Network

Tītoki – Key Message 4

We need specialist support for co-existing conditions such as mental health and addictions.

FASD-CAN

Fetal Alcohol Spectrum Disorder
Care Action Network

Tītoki – Key Message 5

We need pathways and guided support for transitioning into adulthood.

FASD-CAN

Fetal Alcohol Spectrum Disorder
Care Action Network

Tītoki – Key Message 6

We want all people in Aotearoa/New Zealand to be aware of the consequences of prenatal alcohol exposure.

FASD-CAN

Care Action Network

Tītoki – Key Message 7

We need schools and teachers to understand ākongā/students with FASD have strengths, but need time and space to do our work.

FASD-CAN

Fetal Alcohol Spectrum Disorder
Care Action Network

Tītoki – Key Message 8

We must be represented in all policies and decisions that affect us.

We are the experts.

FASD-CAN
