

PHYSICAL THERAPIST-RESEARCH 107918BR

APPLY at <https://jobs.mayoclinic.org/> Enter 107918BR to find posting

City	Rochester
State	Minnesota
Telecommute	No
Department	Orthopedics
Position description	Accountable for supporting all aspects of the research and clinical services provided by the Motion Analysis Lab. Responsibilities include instrumentation evaluation, protocol development, patient and normal subject assessment, data collection, data analysis, and development of institutional systems and procedures. Also responsible for supporting project planning and coordination, grant development, and manuscript preparation.
Qualifications	Must be a graduate of an accredited physical therapy program and hold current license (or able to obtain license) to practice physical therapy in the State of Minnesota. Advanced post-professional degree training and 5 years experience required. Prior experience in a research setting, gait lab, or clinical practice with neuromuscular and pediatric patients is desirable. The position requires a highly self-motivated individual with an aptitude for research and comfort with high technology. Should be computer literate, detail-oriented, have strong mechanical aptitude, and have demonstrated writing and presentation skills. The position also requires interest and skills in mentoring and teaching, team building and leading, and evidence of success in working in an interdisciplinary setting.
Exemption status	Non-exempt
Compensation Detail	Education, experience and tenure may be considered along with internal equity when job offers are extended. The minimum pay rate is \$34.38 per hour.
Benefits eligible	Yes
Schedule	Part Time
Hours / Pay period	40
