

**Title: Physical Therapist / Motion Analysis Clinician**

Department: Motion Analysis

Location: Spokane, WA

Hours: Part-Time to Full-Time (0.80 - 1.0 FTE); 32-40 hours per week

Schedule: **No working weekends, no working holidays!**

This position works 4-5, 8-hour shifts per week (flexible on scheduled days M-F)

You will want to join our team for the following reasons: use of high technology, state of the art tools & have a good team with good support!

**Company Overview**

Shriners Children's is a family that respects, supports, and values each other. We are engaged in providing excellence in patient care, embracing multi-disciplinary education, and research with global impact. We foster a learning environment that values evidenced based practice, experience, innovation, and critical thinking. Our compassion, integrity, accountability, and resilience defines us as leaders in pediatric specialty care for our children and their families.

**Job Overview**

Shriners Children's Spokane is a premier orthopaedic subspecialty medical center. We have an opportunity for a Physical Therapist to join our Motion Analysis Center team.

**Responsibilities**

The focus of this position will be to perform state of the art physical therapy evaluation, coupled with 3D Motion Capture, in the evaluation and assessment of pediatric patients with complex movement difficulties. This core member of the Motion Analysis Lab team will provide clinical support by performing physical examinations, data collection, integration & interpretation of 3D instrumented gait analysis and clinical data into a comprehensive report for treatment decision making. The Motion Analysis Center currently averages 5-6 motion analyses per week. Duties will also include participation in gait research and providing education to the community and medical staff. Through our dynamic team approach, you'll work with medical staff and the multidisciplinary team to design and implement individualized plans of care to meet the needs of the pediatric patients and their family.

**Qualifications****Education**

Bachelors degree in Physical Therapy.

**Certification/Licensure**

licensed in state of practice

**Skills**

1 year physical therapy experience preferred

Pediatric experience preferred

Candidates should be detail oriented with strong computer skills.

Preference will be given to candidates with experience in pediatric instrumented gait analysis.

COVID-19 vaccination required.
