

Had a baby in 2020 or 2021?

You could get **up to \$5,000 in federal money** for your baby
(\$3,600 with the Child Tax Credit plus a \$1,400 stimulus payment)

Claim your money as soon as possible - even if you have no income or low income.

Even if you do NOT have a Social Security Number, you can get payments for your children who have Social Security Numbers.

- You can get this money even if you have never done taxes before or if you have not in the last few years.
- You can get this money even if you had little or no earned income.
- You could also get other payments for yourself and any other children you have.
- This money does not count as income for most benefits, like SNAP, WIC, TANF, MEDICAID, CHIP SSI, and most types of public and subsidized housing. You can get this money and still get those benefits.
- If you didn't get the 2020 stimulus payments for a baby born in 2020 (\$500 for the first payment and \$600 for the second), you can get these by filing a late or amended 2020 tax return.
