*Why vote for Green Party candidates **Jill Stein** for President,  
**Bilal Ware** for Vice President,  
and **Eddie Espinoza** for Texas Railroad Commissioner?*

They are the only anti-genocide, climate action, pro-labor candidates who will be on Texas ballots statewide for the November 5, 2024 election!

**Reject the lesser evil. It's time we fight for the greater good.**

#### Green Party Policy Proposals - Nationwide

- End genocide in Palestine, stop arming Israel, cut military spending 50-75%
- The REAL Green New Deal, centering labor and climate justice
- Tax the ultra-wealthy and giant corporations heavily
- Make Election Day a federal holiday
- Cancel all student and medical debt
- Guaranteed affordable housing
- Healthcare, education, jobs & reproductive freedom as human rights

#### Green Party Policy Proposals - Texas Railroad Commission

- Rename the Railroad Commission the "Texas Energy Commission"
- Speed up the transition from fossil fuels to renewable energy
- Plug and clean up abandoned oil and gas wells
- Prioritize the protection of fresh water resources
- A just transition for fossil fuel workers
- Eliminate the commission's economic & political ties to the oil & gas industry

***The political system is broken. The two parties of war  
and Wall Street are bought and paid for. Over 60% of us  
now say the two-party establishment has failed us and  
we need a party that serves the people.***
