

Thank you for your interest in getting involved in Georgia!

The political party named Georgia Green Party is not affiliated with the Green Party of the United States (GPUS). There is no affiliated state Green Party in Georgia, but there is a group of people who are forming an affiliated political party in Georgia. They plan to apply for accreditation with GPUS. If you want to be part of this process, please contact the Ballot Access Committee (BAC) so that we can connect you with them. [Click here to email bac@gp.org](mailto:bac@gp.org)

There will be need for petitioning in GA for the 2024 GP nominated presidential candidate. We will be looking for people to help with these efforts.

You can help to fund our nationwide ballot access efforts by [making a donation to our Ballot Access Committee fund.](#)
