

Thank you for your interest in getting involved in North Carolina!

The North Carolina Green Party is fighting a history of voter suppression—the Republican and Democratic Parties that run the state have placed serious restrictions on the rights of other parties and independent candidates to run for office. If we all work together as a team, we can keep our ballot line. The other parties do politics by organizing money. We do it by organizing people.

We are looking for people who believe in democracy. Please volunteer to help build North Carolina Green Party membership and registration efforts. Contact our ballot access lead, Tony Ndege. [Click here to email Tony@gp.org](mailto:Tony@gp.org)

You can help to fund our nationwide ballot access efforts by making a donation to our Ballot Access Committee fund. [Click here to open the donation portal https://www.gp.org/donate_bac](https://www.gp.org/donate_bac)
