

Thank you for your interest in getting involved in Ohio.

It is time to move beyond the failed two-party system that has produced candidates who have not fixed healthcare, living wage, and other key issues of our time. All we get is more excuses about why things cannot be changed, while corporations not accountable to the citizens continue to control our lives. We need people committed to “be the change” to run for office, be petitioners, and to do outreach. [Click here to email volunteer@ohiogreens.org.](mailto:volunteer@ohiogreens.org)
