

Thank you for your interest in getting involved in South Carolina!

We are on the ballot in South Carolina.

In order to be agents for change, we must recognize two things; That change needs to happen to break the current course, and that electoral politics are an arm for change that we have to use to get there. Change has to happen from the inside out if we want to see improvement, and like-minded individuals can combine forces in an effort to get someone elected to an office, no matter how small, non-partisan or partisan.

Be the change in South Carolina. [Click here to email scgreenpartyinfo@earthlink.net](mailto:scgreenpartyinfo@earthlink.net)
