

9TH INTERNATIONAL TRACHEOSTOMY SYMPOSIUM

OCTOBER 23-24, 2025

The David Rubenstein Forum at the University of Chicago Chicago, IL

Tracheostomy Review and Management Service (TRAMS)

Mark your calendars for the 9th ITS to be held at the David Rubenstein Forum at the University of Chicago in Chicago, IL

The 9th International Tracheostomy Symposium (ITS) will be held October 23-24, 2025 at the David Rubenstein Forum at the University of Chicago in Chicago, IL. We are partnering with University of Chicago and Tracheostomy Review and Management service (TRAMS) to host an innovative two day program that brings together thought leaders for interactive sessions and scientific innovation. The program will feature the latest technology, patient and family perspectives, and state-of-the-art presentations on the management of the patients with tracheostomies. This is the premier event for tracheostomy specialists, doctors, nurses, allied health professionals, patients, and families to grow and learn together. We hope you will join us!

Comprehensive Tracheostomy Care for Pediatric and Adult Populations: A Hands-On Workshop

Cost \$150

Join us for Comprehensive Tracheostomy Care for Pediatric and Adult Populations: A Hands-On Workshop—an immersive, interdisciplinary training designed for healthcare professionals, patients, families, and caregivers. Offered as a ticketed add-on event, this dynamic workshop combines expert instruction, real-world case studies, and simulation-based learning to build essential tracheostomy care skills across the lifespan. Participants will engage in interactive sessions covering tube management, emergency response, pediatric considerations, and communication strategies, with hands-on practice using high-fidelity mannequins and tools. Whether you're a clinician or a caregiver, you'll leave with the knowledge and confidence to enhance tracheostomy care in any setting.
