Chaos, discord and death. Had enough? Has your RED LINE been crossed several times over?

2026 is a time where our collective voices, Democrats, along with Independents and concerned Republicans, can vote to remove the politicians who consistently place our Democracy at risk. We can stop this discord, chaos and death by electing Democrats to office and holding them accountable for rolling back the malignant direction our country, state and county has been going in. Join us this November so your 'red line' isn't crossed again! .

# NC Harnett Races

**NC Senate District 12 - Tanya White Anderson**  
<https://ncdemocrats.wixsite.com/tanyawhiteanderson>  
 Tanya White Anderson has a strong record of community leadership & service. A retired federal worker, veteran, labor advocate & former educator I am committed to quality education, fair pay, affordability, healthcare transparency, support for families, farmers, veterans and putting people first.

**NC House District 6 - Tony Spears**  
 I've been told & taught to work hard all my life, & that's what has brought me this far. Treat others the way you want to be treated. Sticks & stones...does any of these values matter anymore? Until we ask God to work on our hearts, we can't promise a great deal of "work" or "change". A vote in November gets me inside the HOUSE!

**NC House District 53 - Kevin Thurman**  
<https://www.kevinthurmanforhouse.com/>  
 Kevin G. Thurman is a proud Eastern Harnett County native, Harnett County public schools, Duke and NC Central Universities graduate, son of a public educator & Vietnam veteran. His work at RTI and Blue Cross NC informs his focus on public policy, healthcare solutions, and community service through his church.

**Harnett County Sheriff - Reginald Watson**  
<https://electreggiwatson.com/>  
 In 2022, I ran for Sheriff because I believe this office must be led with integrity, accountability, and respect for both the public and deputies. That belief never changed. I stayed engaged and continued listening across our county. When the Sheriff announced his retirement, I felt a renewed duty to step forward again.
