

## Health Care for All - Washington

[www.hcfawa.org](http://www.hcfawa.org)

### Fiscal Year 2024 | Strategic Plan

#### Our **MISSION**:

Health Care for All-Washington is dedicated to achieving universal, publicly funded, single-payer health care.

#### Our **VISION**:

We envision optimal health for all Washington residents in a health care system that is accessible, equitable, high quality, comprehensive, sustainable, affordable, patient-centered, and publicly and privately delivered to all Washington residents.

#### Our **STRATEGIES**:

To encourage boards, commissions, work groups, and government entities to advance action to support public funding of universal health care.

To advocate for state, Federal, and local legislation that achieves universal health care.

#### Our **TACTICS**:

##### POLICY

- A. Monitor, participate, and incorporate our mission into advancements by the Universal Health Care Commission (UHCC) and its Finance Technical Advisory Committee (FTAC), introducing elements of the Washington Health Security Trust.
- B. Monitor, participate, and support the Health Care Cost Transparency Board and the Prescription Drug Affordability Board to implement changes that lower the price that people pay for health care.
- C. Work with state, national, and local agencies to advance our mission.
- D. Develop and advocate for new legislation that prepares for the transition to universal health care.
- E. Support legislation that achieves health equity and access with respect to race, gender, sexual orientation, disability, and immigration status.

##### OUTREACH and EDUCATION

- A. Increase and diversify our membership across age, ethnic, and economic backgrounds to build capacity.
- B. Build and mobilize a statewide network of universal healthcare advocacy action teams.
- C. Continue regular virtual Second Wednesday Speaker Series and explore in-person meetings.
- D. Coordinate actions with health care allies and diverse community groups.
- E. Broaden fundraising opportunities with achievable goals and raise necessary funds to support our advocacy of, and lobbying for, universal health care.
- F. Enhance communications across all platforms: website, newsletter, e-Bulletin, blog and social media posts, to reach and engage a large diverse audience and raise the visibility of our public profile.
