Marty Slepko
Hydroxyl Environmental

Dear Marty Slepko:

I had heard about the Odorox hydroxyl generating odour cleaning machines and my interest was peaked. I had listed a home in Newmarket that had been renovated, painted, and also had a strong odour of cat urine. No matter how much the ducts and carpets had been cleaned, the smell from the paints, sealants, and urine was very offensive and I was worried about the salability of the property. Two Odorox machines were installed and after 48 hours the smells were eradicated. Next I am eager to try the machines at another listing that is a smoker's home. I would highly recommend the Odorox machines for odour removal.

Thank you once again,

Betty Durocher, Broker
