

## LIVE Q&A with Leading FOP Researchers! August 30, 2023

Three viewing times available. Visit [ifopa.org/curefop\\_webinar](https://ifopa.org/curefop_webinar) to find yours and sign up today.

### Join Us for *In Pursuit of a Cure 2023 – Relentless*

The next exciting phase of gene therapy research and the ACT for FOP program is on the horizon!

This year's signature *In Pursuit of a Cure* event is an exclusive LIVE webinar led by Danielle Kerkovich PhD, IFOPA Director of Research Development and Partnerships with three guest researchers who are working on treatments for FOP.

#### Hear the Progress – Learn the Next Steps

This is the first live research Q&A hosted by the IFOPA in two years—you won't want to miss it. Three viewing times available. Visit [ifopa.org/curefop\\_webinar](https://ifopa.org/curefop_webinar) to find yours and sign up today.

#### Fueling the Next Phase of Transformational FOP Research

*In Pursuit of a Cure 2023* funds:

- » Gene therapy for FOP research
- » ACT for FOP research grants for treatments to make life better for people with FOP until a cure is found

This is our best hope to stop FOP for good – and help people with FOP live life to the fullest while the search for a cure continues!

**We're rallying the entire FOP community and our caring friends to help raise \$425,000.**

**The first \$25,000 will be MATCHED to double the impact of every contribution toward treatments and a cure.**

Please help continue the Relentless Pursuit of a Cure for FOP with your support.

**Visit [ifopa.org/curefop](https://ifopa.org/curefop) to sign up for the webinar and make your gift today.**
