Vale Queen Elizabeth II (1926-2022)

Statement from Dr Sophie Scamps MP

I join millions of people around the world today in mourning the loss of Queen Elizabeth II.

For over 70 years, Her Majesty provided steadfast leadership that comforted many during periods of extraordinary global upheaval – from wars to pandemics and recessions. The Queen’s grace, good humour and unwavering leadership was an inspiration to many.

Her dedication to service was evident this week as she swore in her 15th Prime Minister just days before her passing. Recently, Her Majesty also led by example throughout the pandemic and her reassuring, pragmatic and inspiring words gave heart to many millions that together we would get through Covid-19.

Her Majesty dedicated her life to service, to her country and to her family, and on behalf of the people of Mackellar, I express my condolences to her family and the many people around the world who are grieving her loss.

Vale Queen Elizabeth II.
