IMPROVECARENOW™  
SPRING 2022 COMMUNITY CONFERENCE

Dear Corporate Colleague,

On behalf of all members of the ImproveCareNow community, we invite you to support our twice-yearly Community Conferences. These meetings bring together patients, parents, pediatric gastroenterologists, scientific investigators, and health professionals involved in the care of children with inflammatory bowel disease for the purposes of quality improvement, scientific exchange, discussion of advances in care, and review of developments in pharmacologic and non-pharmacologic management.

Winner of the 2016 Drucker Prize for innovation, ImproveCareNow is leading the way to creating more effective health systems by harnessing the motivation and collective intelligence of patients and families, clinicians, researchers, and health system leaders to promote health and well-being. Since its inception in 2007, ImproveCareNow has increased remission rates from 55% to 83% for children and adolescents with Crohn's disease and ulcerative colitis participating in ImproveCareNow. ImproveCareNow has transformed how care is being provided, enlightened and excited clinicians and other care providers, and engaged patients and parents in a common mission of working together to improve the health of children with these conditions.

ImproveCareNow is made up of over 100 care centers and has a presence on three continents, with 90% of the highest ranked pediatric gastroenterology programs in the U.S., including all ten of **the U.S. News & World Reports 2021-22 Honor Roll members**. With 965 pediatric gastroenterologists and close to 30,000 IBD patients, ImproveCareNow reaches approximately 55% of IBD patients in the U.S. cared for by pediatric gastroenterologists. ImproveCareNow Community Conferences present the ideal opportunity to engage with these committed healthcare providers, patients and parents, and to learn about recent results in our research and improvement efforts.

We are grateful for your previous corporate support of the Community Conferences. With parents and patients interested in participating in patient-centered drug and device development events, ImproveCareNow will provide more space and opportunities for interaction with ICN members. For our Fall 2022 Community Conference, we invite you to purchase one of our promotional opportunities and/or become a Conference Supporter. These items are detailed in the information below.

If you have questions or require clarity around support of the ImproveCareNow Community Conferences, please do not hesitate to contact us. We know you share our goal of improving outcomes in children with IBD, and we hope you will join with us in this initiative. Only by working together through collaborative discussion and education can we accomplish this objective.

Thank you for your continued partnership.

Sincerely,

Kristin Howe, DC, MHA

Executive Director
