Considerations before new/leased County Buildings

- Removes the requirement that boards of supervisors have to consider leasing a vacant public-school building before leasing/purchasing/constructing a new building.

Section by Section Analysis

Section 1 – County property (Iowa Code 331.361(7))

Removes the requirement that boards of supervisors have to consider leasing a vacant public school building before leasing/purchasing/constructing a new building.

Currently if a county leases a vacant school property, the school district still has the right to terminate the lease with a 30-day notice.
