County Veterans Commissions

- This bill allows national guard members and reservists to serve on the county commissions of veterans affairs.

Section by Section Analysis

Section 1 (Iowa Code 35B.3)

Allows current and former national guard members and reserve forces that have letters of recommendation from their commander to serve on county commissions of veterans affairs.

Section 2 (Iowa Code 35B.6)

However, these additions to the county commission are not eligible to be a county VSO executive director, and those remain under the current definition of “veteran”.
