

To the Members of Jo Co CRG,

It is with a heavy heart that I write this letter to you all this evening. Directly following our October monthly meeting, I met with the Board Members and advised that I will be stepping down as Chairman. I feel that this organization is important and needs dedicated leadership. Unfortunately, I have needed to place my priorities elsewhere. Therefore, I have been unable to provide the attention needed to drive success.

For over 6 years, I have pushed for a Fire District for the unprotected/underserved area of Josephine County. This district requires a lot of attention and my time and has distracted me from the needs of CRG. I feel that there is someone who will be able to serve you better than I can. Please keep up the fight for good governance in Josephine County. Thank you for allowing me to serve you while I was able.

Take care and God bless,

Mark Jones
