

Our Mission

To abolish the social conditions and systems that spark, enable, and amplify intimate partner violence and to create communities where all Kentuckians can live and thrive in safety and peace.

About Us

ZeroV is Kentucky's statewide voice on ending intimate partner violence in our homes and communities.

We represent and support our 15 regional domestic violence shelters that serve all 120 counties of the Commonwealth. We also work to address the root causes and far-reaching impacts of intimate partner violence through our specialized programming and advocacy that focus on the intersecting needs of survivors and partnering with government agencies, nonprofits, and private organizations to make meaningful and lasting change.

As a Kentucky united against violence, our work will persist until the violence in our state is ZERO.

Violence hurts everybody.

Together, we can get it to ZERO.

Services & Programs

ZEROV.ORG | 502.209.5382
111 Darby Shire Circle
Frankfort, KY 40601

This project was supported by Health and Human Services grant 2501KYSDVC, awarded by the Administration for Children and Families through the Department for Health and Human Services and in conjunction with the Family Violence and Prevention Services Program Office. The opinions, findings, conclusions, and recommendations expressed in this document are those of the author(s) and do not necessarily reflect the views of federal, state, local, and/or private funders.

Our Team & Our Work

Member Support

We provide technical assistance, data compilation, and training, including our Domestic Violence Advocate Certification Training, to strengthen how advocates, practitioners, programs, and communities serve and respond to survivors of intimate partner violence (IPV).

Housing Program

We provide robust housing services, such as housing subsidies and case management, to survivors and collaborate on developing tax credit units to expand housing options for survivors. We also offer technical support to our member programs and other organizations involved in housing survivors. Our housing program's ultimate goal is to help survivors thrive.

Prevention

We provide intervention services to support people who cause harm and prevention services through youth and community education. Our Education, Accountability, And Change for the Prevention of Partner Abuse (EACPPA) team administers the Batterer Intervention Program (BIP) and coordinates youth engagement services that take a restorative and transformative approach to ending IPV.

Policy Advocacy & Communications

We advocate for and provide guidance on creating policies that center the lives and futures of survivors. Through direct and grassroots lobbying, as well as collaborative efforts with governmental, nonprofit, and advocacy organizations, we work across the aisle to ensure that the needs of survivors are considered in the policymaking process. We also connect Kentuckians to the work we do, the issues that matter, and the community-led solutions that positively impact survivors through events, awareness campaigns, communications, and nurtured relationships.

End the **violence**. Become a **Zero** **Hero** today.

We offer resources for survivors, practitioners, advocates, and the community. Learn more about supporting survivors by visiting ZeroV.org today.
