or 213.763.3499

Saturdays

February 23, March 2 & 9

Create your own edible garden for fresh,
organic produce by learning:

- How to create good soil out of your current one
- What, how, and when to plant
- How much and how often to water; to make and add home-made compost
- Which are “good bugs” and to manage insect pests
- How to add variety and increase yield

** Discounted to \$80 (3-class series) for residents of zip codes 90006, 90007, 90008, 90011, 90015, 90016, 90018, 90037, 90062, 90089. Discounts are limited and only available over the phone, call 213.763.3499 for availability.*
