

# EDUCATION PROGRAM

Empowering students to explore, protect, and restore nature through hands-on learning and community projects.

## Waste & Wildlife in Schools

Learn how waste affects our wildlife and make a difference today.

## Let's Explore Waste – EXCURSION

Visit a working landfill and discover waste solutions.

## Native Bee Guardians in Schools

Discover, identify, and learn cool facts about your local native bees.

## Citizen Science in Schools

Investigate nature and collect real environmental data at your school.

## Biodiversity – Plantings in Schools

Plant native species and improve your local ecosystem, create a school legacy.

## Teacher Training - Wildlife Monitoring Webinar

Learn how to monitor wildlife and engage students in nature.

## Support and Resources

Borrow tools and resources from our library to explore and care for nature with your students. Connect to local Landcare Tas groups.

**Landcare**  
Tasmania

**Sign up  
your school  
today!**

Landcare Tasmania member schools are supported in their education and ecological goals.

Students of all ages learn skills to understand and care for the environment both at school and at home.
