

## What Does *Agenda 47* Mean for Young Families

Before globalization destroyed our economy, families of four or five or more could comfortably support their household on one income!

Free-trade, anti-growth green policies, and speculation have eliminated most of the manufacturing jobs which provided that kind of income, while simultaneously causing prices to skyrocket.

***Agenda 47* will restore the ability of families, especially young families, to have a decent standard of living on one income.**
