the urban environment

**KATE RICHARDSON**

Former local teacher

**Most passionate about:**  
community relations

Lewisham's all-Labour Council is delivering poor services and making bad decisions with little real consultation.

**On 5<sup>th</sup> May you have a chance to change that by electing a strong local team of Liberal Democrat councillors.**

*With your support, Bunmi, Diana and Kate will stand up for Catford South and put an end to Labour's one-party state.*

**VOTE LIBERAL DEMOCRAT ON 5<sup>TH</sup> MAY**

# BUNMI WAJERO: FOR A BETTER LEWISHAM

# WE'RE FIGHTING FOR:

a council that supports its residents

quality, truly affordable family housing

easier and more recycling

easier ways for residents to dispose of waste

helping residents with the rising cost of living

programmes to reduce youth violence

proper regulation of Houses-in-Multiple-Occupation

cleaner and safer streets, including a crossing at the Torridon Road/Brownhill Road junction

## Lib Dem candidate Bunmi Wajero says:

*I'm standing in Catford South as I believe that it's time for a change. The one-party Labour council has become complacent: it's time for new voices to represent this ward and bring about progressive change.*

## No opposition to Labour is a bad outcome for everyone

In the 2018 elections 54 out of 54 seats on Lewisham Council went to Labour.

The lack of opposition allows the Labour Council to ignore residents' concerns about local issues such as dumping, poor social housing repairs and traffic measures.

It's time to change this – it's time for other voices to be heard.
