Petition pages

Page type: Petition

Sidebar: Off

Social media settings: Excerpt - One sentence description of your petition

Background image: hero_XXXXXX - 1200x1200px - use pageplus template petition hero - left hand 650px will not display

Key image: key_XXXXX - 1200x628px - use pageplus template key

Intro: Will display before sign up form - use this to describe what your petition is about

Petition Text: Use this space if you intend to submit your petition to an organisation outside the Liberal Democrats. Use the following text: "We will include your name and, address when submitting the petition to [**NAME OF ORGANISATION**]." You must then tag your page "submit-external".

Autoresponse: This is an email automatically sent to someone who signs your petition. Thank them for signing your petition and ask them to take further action.

Signature goal: Adds a progress bar to your petition. Keep your target realistic and extend it when reached. Wait until you have some signatures before adding a bar.

Additional signatures: Use this if you are collecting signatures offline too.

After signing: Re-direct signatories to a thank you page.

Tagging: Keep track of your signatories by adding tag(s).

Recruitment thank you page

Page type: Recruiting

Sidebar: Off

Page to promote: Slug of your petition page

Donation element: Tag a your main donation page "component_donate_donate", if you want to use a custom donate page then you need to edit the tag name lines 215 and 216 of the page template and use apply that tag to your custom donation page.

Background image: hero_XXXXXX - 1200x1200px - use pageplus template petition hero - only top 250px will display
