

Fergus & Janey for YL Chair

Fergus

He/Him - @fergus_u

Fergus has just finished his Management masters at the University of Bristol, having studied Astrophysics as an undergraduate. He joined the party in 2017, and has been the YL Campaigns Officer, and prior to that Western Counties YL Chair. He has worked as an organiser for the party in Bristol and Western Counties.

Janey

She/Her - @janeyislittle

Janey joined the party in 2019 and she is in her second year of studying at the University of Oxford. In the Young Liberals, she has been the Policy Officer for a year and a half, and was previously a member of Policy Committee and Women's Rep on Diversity Committee. She is also on the executive of Lib Dem Women.

Our Plan:

- **Get ready for the next general election**

We want to review YL's capacity and work to rectify any shortfalls ahead of the next general election.

- **Support young candidates**

From approval to selection to standing, we will work with the executive to support YL members across elections at different levels, and ensure YL offers the best support for young candidates that we can.

- **Engage the membership**

We will work with the executive to activate our membership, offering our members a number of opportunities and ways to get involved in YL.

- **Collaborate with Affiliated Organisations (AOs)**

Both with an aim to strengthen our existing relationships and to engage with AOs we don't usually interact with, we want to develop YL's relationships in the party and work with new AOs.

- **Increase Our Influence**

Young Liberals should be involved and visible across all levels of the party. We will promote elections and opportunities in other organisations in the party with among our members, and develop our pre-existing relationships within the federal party and Friends of YL.
