

Plain text manifesto:

Lucas for English Council
Experience:

Current EYL rep to English Council
Sit on Regional Parties Committee

Aims:

Stand for election to English Council Executive
Attend all English Council meetings and advance YL aims
Continue to speak with other EYL reps to English Council and make sure we promote a united voice for YL

As an existing member of English Council, I know that the meetings aren't always the most fun. I hope to work with other reps to explore ways to make English Council more transparent, which isn't always easy when meetings regularly run for an entire day.

As someone already known within English Council for taking an active role in English Council meetings, I'll continue to argue for YL values and aims, and ensuring our members are represented in decisions.

I also plan to stand for election to the English Council Executive, so that I can represent Young Liberals' views and objectives at the most senior level of the English Liberal Democrats.

Vote to keep an experienced and active voice on English Council
