

Katharine Macy for International Committee

#### Experience

- I have applied to be on all delegations since 2019 and have attended all online conferences possible during lockdown and two in person - LYMEC's congress in Prague, Czechia, and IFLRY's congress in Dakar, Senegal
- I built relationships while at the congresses, resulting in another visit to Helsinki, Finland to discuss and support trans rights
- I have expanded my understanding of how the international aspect of YL works, including voluntarily engaging in LYMEC's "Hear Out, Take Me In".

#### Transparency

- I wrote a blog explaining my experience of Prague, Dakar and Helsinki.
- These were posted on YL forum and my twitter. I would like to continue this, and work with the Comms Officers to increase where we can send it.
- I did an instagram takeover for Senegal and Finland and would like to continue this for future congresses.

#### Diversity

- Any committee is at its best when it is diverse. By increasing accessibility and sustainability, diversity should naturally increase.
- I will enshrine diversity in all international events.
- I wrote a successful Decolonisation motion during IFLRY 2020, providing an opportunity to discuss tackling world wide racism.

Reliable hardworking and supportive
