

Patrick Gilbert & Jack Worrall for Yorkshire and Humber Chair

The Yorkshire and Humber deserves an experienced, passionate and driven team to move our region forward.

This month you have the chance to elect two experienced campaigners to the role of Yorkshire and Humber Chair.

With your support, Patrick Gilbert and Jack Worrall will put on action days, support our young candidates and supercharge our branches.

### Our Experience

Together Patrick and Jack have 8 years worth of elected experience within the Young Liberals.

Over this past year Patrick has been the Branch Development Officer, keeping our branches informed about all of the opportunities within the Young Liberals. Patrick has also been the West Midlands Young Liberals Chair and has the experience of running action days and representing the Young Liberals to the region.

Jack has been on the Young Liberals Federal executive for the last 5 years including 2 years as the English Young Liberals Chair. This past year Jack has been the Young Liberals Finance Officer and the Party in England's Regional Development Officer.

### Active Campaigning

The next set of local elections in York, Sheffield, Hull, North Yorkshire and other areas will be the most crucial set of elections in our recent memory.

We need active regional chairs that have the skills and experience to work with the region and local parties to put on action days in the critical areas for our party.

We will reach out to Young Liberals candidates in the region and help them organise and promote action days for their runs for Council.

We will build our capacity in the region to get ourselves ready for the General Election. The work we do now to build capacity will impact our ability to win our key regional targets in 2024.

### Our Branches

We have some of the strongest branches with a rich history in England. We need to increase the communication with and between them.

We will ask each branch for a representative to form our regional executive for the year. We will promote more pan-regional campaigning and social events to build the Yorkshire and Humber Young Liberals community.

We will expand how we communicate with members. Making use of emails, the Facebook group and committing to using the Young Liberals new found ability to phone members via connect with quarterly phone banking sessions for new and lapsing members.
