Are you on schedule with annual physicals, screenings, and Vaccinations?

Keeping up on routine healthcare is an important way that each of us can protect our health. Physicals and screenings are important tools to prevent health problems, and to prevent new problems from becoming real challenges. An annual physical is covered by most insurances, including Medicare and Medicaid. Screenings are often covered by insurances and we can help you learn if you are eligible for screenings based on age, gender identity and risk factors.

We have a reference guide to routine care for all ages, and it is available at www.wmchealth.org/guide.

If you or a family member is behind on having physical, a vaccination, or a screening test – please do not delay, schedule it today.

Individuals who are not established with a provider, or who need to see a new provider for any reason, can call WMCHHealth Physicians at 1.833.329.0095 for convenient connection to an area medical practice.
