Motivation letter for the LYMEC Bureau – Ellinor Juth

Dear liberal friends,

I am running for the LYMEC Bureau as a Bureau member at the spring congress in Prague. I have been an active member of LYMEC for several years now. I have taken part in congresses, where I have tirelessly advocated for liberal values. I have been actively participating in digital assemblies and I was involved in the working group for civil and minority rights where we contributed to LYMEC policies and created low-threshold online activities. I have also had the honour of being elected as a LYMEC delegate for the ALDE congress twice which has given me the opportunity to expand my European network and promote young, liberal values in ALDE . And I have truly enjoyed every minute of it. **That is why I believe that the Bureau should be the next step for me.** I believe that I have the experience that it takes to be a Bureau member, the Bureau is where I can contribute the most to LYMEC and at the same time I am excited to learn from the experience.

I want to work for: a more visible political communication, political engagement and a regular and clear course of action. I believe that LYMEC should be transparent towards the member organisations, receptive to their wishes and take action on topical political events that concerns the membership as well as working for LYMEC policy to turn into reality.

I have a long experience in my member organisation Svensk Ungdom (Swedish Youth of Finland), where I am the chair of the international committee, and proven that I am dedicated and committed to my work and to what I believe in. And I believe in LYMEC and our common political agenda and goals. **That is why I am eager and motivated and why I want to be a part of developing LYMEC as an organisation together with the member organisations.**

Hopefully you like my ideas and see me as a good and trustworthy candidate for the next bureau. **If you decide to put your trust in me** I will work as a teamplayer in order to achieve our common liberal values and goals.

Thank you for your time and consideration,
Best Regards,

Ellinor Juth ,
Chair of the International Committee of Svensk Ungdom
