## 2026 GENERAL ELECTION

Mainstream recommendations are meant to indicate that the selected candidate in a specific contest most closely aligns with Mainstream's values. During the selection process, cross-partisan volunteer members of Mainstream's strategy committee and board of directors take into consideration available voting records, public statements and direct interviews when necessary.

The symbol ^ next to a candidate's name indicates they have earned Friendly Incumbent status. For Kansas senate and house candidates only, a friendly incumbent is determined by a voting record of 80% or higher at KSLegLookup.org.

Mainstream does not recommend in uncontested races. The symbol * next to a candidate's name indicates a Friendly Incumbent in an uncontested race.

### KS VOTER ELIGIBILITY CONSTITUTIONAL AMENDMENT

**VOTE NO - this is an unnecessary amendment; the KS Constitution already requires US citizenship to be eligible to vote.**

*Explanation of vote from the Secretary of State*

Yes - A vote for this proposition would clarify that only a person who is a citizen of the United States is eligible to vote in this state.

No - A vote against this proposition would make no change to the constitution of the state of Kansas, and the language concerning voter qualifications would remain the same
