

SPONSOR PROSPECTUS

THE FUTURE OF KANSAS POLICY IS TAKING SHAPE.

BE IN THE ROOM WHEN THE WORK BEGINS

Mainstream Civic Engagement's annual policy summit is a one-day, nonpartisan convening of state and local policymakers, advocacy and lobbying groups, civic organizations, and grassroots activists for a working look at key policy issues ahead of the upcoming legislative session.

WHY SPONSOR THE SUMMIT

- **Timing no other event has.** Five weeks after Election Day and five weeks before session: meet new and returning officials before agendas are set.
- **Nonpartisan credibility.** Stand behind a convening built to provide resources and show that good policy matters more than sides of the aisle.
- **Coalition building.** Exhibit where advocates find intentional and unexpected allies, and recruit volunteers and members on the spot.
- **Staff development.** Give your government-affairs, policy and community-relations staff a full day of expert briefings.
- **A room built for you.** Legislators, county commissioners, city councils, school boards and utility trustees together for a full day.
- **Thought leadership.** Put your name on a plenary, meal or breakout track tied to the issue you care about most.
- **Local reputation.** Show visible support for civic engagement in communities across Kansas.
- **Follow-up that lasts.** Presenting sponsors receive a post-event attendee report for relationship-building into January.
