NEWSLETTER JUNE 2023

Dear Neighbour,

As a Member of Parliament, I often meet with immigrant communities. Apart from our Indigenous peoples, we are a nation of immigrants. Perhaps you are one of millions of first-generation Canadians from one of nearly 200 nations. Or, perhaps you trace your family history in Canada back many generations. It is no secret that Canada is one of the most ethnically diverse nations in the world, and we are a better country as a result.

I had the pleasure to co-host the 50th Anniversary of S.U.C.C.E.S.S in Ottawa this month. S.U.C.C.E.S.S. is the largest immigration service organization in B.C. and one of the largest in Canada. They help thousands of immigrants from the time they arrive at the airport and throughout their lives.

In this mailer and in my previous ones you'll find pictures of me meeting with our different ethnic communities. I also have the opportunity to meet with ambassadors and representatives from countries around the world. These connections help me to better serve you and Canada.

A side note: My wife, Marlene, was recently appointed to the executive of the Spouses Parliamentary Association as their Diplomatic Liaison. This is a non-partisan organization of spouses of Members of Parliament and Senators.

In addition, I also participate on numerous Parliamentary Associations and Friendship groups. Good relationships with other nations are valuable for Canada. I am honoured to be a member of **Canada-Africa, Canada-Europe, Canada-Germany, NATO, Assemblée parlementaire de la francophonie, Canada-Japan, Canada-Ireland, Commonwealth Parliamentary Association, Canada-China, Canada-ParlAmericas, Canada-Israel, Canada-USA, Canada-Korea, Canada-Philippines** and more.

Recently, I hosted the ambassadors from Mongolia, Latvia and Algeria here in Pitt Meadows-Maple Ridge. They were very impressed with our community and the UP Vertical business we toured.

Do you think the Liberal & NDP approach to hard drugs is working?

⇒ 35,000 people have died from opioids since 2016

⇒ According to the public health agency, since the hard drug program was ramped up in 2020 opioids deaths have

⇒ In BC yearly overdoses have increased 330% between 2015-2022 and has cost taxpayers billions of dollars

⇒ Global News recently exposed how government funded
