

Board Reporter Form

Neighborhood representatives came to discuss their complaint about noisy parties at a nearby property not included in the HOA. People said music was much too loud, there were too many cars, there appeared to be a parking attendant. The family was said to be selling food, although no-one saw a transaction. There was a question about how many ~~the~~ chickens the property owners can have. The offending family attended with a translator to be sure they clearly understood questions and discussion. The township recommended the neighbors contact planning & zoning, health department & Sheriff for resolution of future festivities.

The same group of neighbors complained about an abandoned boat on a property at the corner of Rt 20 & Coral Rd. The boat appears to be abandoned but on private property. It was recommended that the neighbors contact property owner to inquire what can be done to remove boat.
