

Need Assistance Navigating My Aged Care?

Meridian provides **free, friendly and inclusive services** supporting older LGBTI+ persons and people living with HIV, carers, loved ones and allies to connect and **navigate My Aged Care**.

If you need support taking the first step, or are already registered with **My Aged Care** and not sure what to do next, we are here to assist.

Ageing is not
lost youth but
a new stage
of **opportunity**
and **strength.**
