COUNTY REFERENDUM 2: **YES** #208  
SCHOOL BOARD REFERENDUM: **YES** #210

# DEMOCRATS ARE FIGHTING:

## TO REDUCE COSTS FOR FLORIDA FAMILIES:

Florida Democrats are focused on fighting price gouging at the pump, providing relief for Florida families who are struggling with the cost of food, housing, utilities, and gas. **Florida Republicans like Ron DeSantis are focused on impressing extreme MAGA voters in Iowa and New Hampshire** when they should be focused on your lives.

## TO REDUCE THE COST OF PRESCRIPTION DRUGS AND ACCESS TO HEALTHCARE.

Democrats are focused on making prescription drugs and health care more affordable. It's not fair that you pay more for drugs that were invented here than people in other countries pay for them, **but Ron DeSantis and Florida Republicans prevent common sense reforms because they are in Big Pharma's pocket.**

## TO DEFEND WOMEN'S REPRODUCTIVE FREEDOM:

**Florida Republicans are focused on passing extreme abortion bans** when they should be trying to improve our economy, ensure that every American can find a good paying job and make health care more affordable. Democrats believe in the freedom of a woman to make her own personal health care decisions and oppose government interference in health care decisions between women and their doctors.
