

The Miami Waterkeeper 1,000 Eyes on the Water program trains community members in identifying, documenting, and reporting pollution they may see as they go about their day-to-day lives. Complete the one-hour online training at www.miamiwaterkeeper.org/1000_eyes and carry this wallet guide with you to always know what kind of pollution you see to be able to submit an accurate report.

To use your guide:

1. Cut along outer black line
2. Fold on grey lines

REPORT POLLUTION

Thank you for keeping your eyes on the water. If you see pollution or dead animals, scan the QR code or submit the report at www.miamiwaterkeeper.org/report
