## ALUMNI SPOTLIGHTS

Happy 100th birthday to Morristown High School class of 1944 alumna Mrs. Alberta Gramby! She celebrated this remarkable milestone with 22 family and friends and her favorite treat—chocolate cake! Her Colonial pride extends across generations, as four grandchildren and three great-grandchildren have also graduated from MHS. The Town of Morristown honored Alberta by proclaiming April 27, 2026, as Alberta Gramby Day.

MHS '22 alumna Katelyn Morgan spoke with STEM Academy students about her journey from Colonial Rocketry Club captain to aerospace engineer. After graduating from Rensselaer Polytechnic Institute this spring, she will begin her career at SpaceX as a Test Specialist for Falcon 9 Operations. Katelyn credits the Academy, faculty, and mentor Ms. Deborah Spencer with helping launch her path to success.

## TRIVIA NIGHT RAISES FUNDS FOR THE DISTRICT

Colonial Nation's 3rd Annual Trivia Night was a tremendous success! Nearly 100 alumni, Morris School District staff, parents, and community supporters gathered at Glenbrook Brewery as 16 teams competed in an evening of fun, connection, and friendly competition. Congratulations to our winning teams: Colonial Cancer Foundation (1st Place), Team Stat Pumpkin (2nd Place), and Cromwell Hills Cohorts (3rd Place).

Thanks to registration fees, sponsorships, donations, and on-site giving, more than \$4,000 was raised to enrich students' education across the District. We are grateful to everyone who supported the event, especially our sponsors, Colonial Cancer Foundation, Beyond the Green, and Ann & Warren Rhines for their generous support.

## MEF AWARDS 38 SENIOR SCHOLARSHIPS

The Morris Educational Foundation (MEF) proudly awarded a record-breaking \$635,000 in scholarships to 38 outstanding MHS seniors at the school's scholarship award night. Scholarship donors, graduates and their families celebrated at a joyful MEF breakfast reception as pictured above. View the recipients' spotlights this summer on the MEF's [Facebook](#) and [Instagram](#) pages.

## CONGRATS MHS CLASS OF 2026

Welcome to the newest class of MHS alumni! Click the senior picture below to view their post-graduate plans.
