# No to U.S. Wars AT HOME & ABROAD

## **NO TO U.S. PERPETUAL WAR AND ITS POLITICAL & MILITARY INTERVENTIONS ACROSS THE WORLD!**

The Green Party believes a reduction of militarism and its arms industry policies is the key to progress toward collective global security. We strongly call for respectful, good-faith diplomacy, peace, and disarmament.

**HANDS OFF!** The Green Party calls to stop our never-ending and unfair sanctions and embargo wars, targeted economic destabilizations, covert regime-change operations, drone and death squad assassinations.

**BRING U.S. TROOPS HOME!** We urge our government to phase out all bases not specifically functioning under a U.N. resolution to keep peace and bring home our troops stationed abroad, except for the military assigned to protect U.S. embassies. Veterans must receive the promised care they deserve for physical and mental harms they have suffered.

## **ABIDE BY THE UNITED NATIONS CHARTER, INTERNATIONAL LAW, CONVENTIONS & TREATIES!**

The Green Party calls for the U.S. to recognize the sovereignty of nation-states and their right of self-determination. We demand repeal of the Authorization for Use of Military Force (AUMF) which has been justifying military actions since 2001 in Afghanistan, maintaining a state of perpetual and costly warfare. We must restart the work of international nuclear disarmament and join the bans on land mines, bio- & chemical weapons.

**DEFEND THE ENVIRONMENT!** We can no longer ignore the fact that our U.S. military is the biggest polluter on the planet. Harmful impacts include uninhibited use of fossil fuels, massive creation of greenhouse gases, and extensive release of radioactive and chemical contaminants into our air, water, and soil.

**TRILLION\$ INSTEAD FOR HUMAN NEEDS!** We say it's time for single-payer comprehensive healthcare, affordable housing, quality education and jobs, higher minimum wages, improved social services, non-privatized infrastructure improvements, publicly-owned utilities, and more.

**THE PARTY FOR PEACE, PEOPLE, AND THE PLANET**
