Testimony of Micauri Vargas
New Jersey Institute for Social Justice
In Support of A5176
New Jersey State Assembly State and Local Government Committee
Thursday, February 16, 2023

Chairman Verrelli, Vice-Chair Swain and members of the State and Local Government Committee:

Thank you for the opportunity to submit this testimony.

My name is Micauri Vargas, and I am an Associate Counsel of the Democracy and Justice Program at the New Jersey Institute for Social Justice (the “Institute”). The Institute uses cutting-edge racial and social justice legal advocacy to empower people of color by building reparative systems that create wealth, transform justice and harness democratic power—from the ground up—in New Jersey.

The Institute submits this testimony in support of A5176, which requires periodic reporting of election results on night of primary and general election and until final tally thereafter. The Institute supported this provision last year when it was considered before the legislature and we support again here today.

In addition to providing voter information, the Institute conducts social media monitoring during and after each election to both combat voter misinformation/disinformation and answer voter questions. The Institute is also a member of the nonpartisan New Jersey Election Protection Coalition. With our partners, we work to address voter issues and ensure voters have access to the ballot and trust our democracy.

Consistent and uniform posting of ballots received, counted and remaining following the election—with a breakdown of vote-by-mail, early voting, and Election Day votes will lead to greater voter trust in our democracy. In recent years, we have seen how inconsistent reporting can lead to voter confusion and, unfortunately, fester conspiracy theories online. This bill will help address those issues.

We also appreciate that this bill takes voter privacy into consideration. The secrecy of our votes is paramount to our democracy and this bill recognizes that.
A5176 is necessary legislation. Well administered elections are imperative for our democracy. We urge you to vote this bill out of committee.

Thank you.
