In Loving Memory

Remembering Our Men

On July 12, 2021 we received the tragic news that our loved ones would not be coming home. Today we honour you ALL. We miss you dearly every minute of every single day.

Brad Zawislack

Brad was an awesome, amazing, fun-loving character. His personality, humour, and unique style brightened the day for all those who knew him. He was the beloved husband of Helen, and proud father of Savannah and Zoe.

He was a kind, giving and committed family man. He was a friend to so so many.

Brad was from Benito Manitoba and was working in an adjacent office with his work family. The crane collapse claimed his life.

He is gone far too soon. He will be sorely missed. He will never be forgotten.

Brad was truly amazing, always quick with a smile, fast with a joke, he genuinely cared about the people near him.

This tragic loss will leave an un-fillable void for his family.

Jared (Bear) Zook

Jared was born and raised in the Edmonton, AB area. He moved to the Kelowna area in 2019 to continue his career in the construction/crane industry. Having the privilege of living beside his big sister he was able to love on his six nieces and nephews. As a loving uncle he was affectionately known as "Uncle Bear".

Jared stood out on most job sites as you couldn't miss the guy with the blonde curly hair stuffed under the red hardhat.

As a young adult Jared had several opportunities to travel to other less fortunate nations on good will service trips which involved helping distribute food and other resources as well as encouraging children through skits, games and story telling. It showed his willingness to serve and that under a sometimes outspoken and tough exterior he had a soft and compassionate heart.

Jared was very gifted as a sound technician and had a great passion for it. He served many hours in his church community and events making sure the sound was perfect. Always having a grin and a distinct infectious laugh. Jared was a man full of integrity and commitment.

To Jared, life revolved around family and friends, everything else came in a distant second. Not big on hobbies, he was always ready to go on or create an adventure. Jared (Bear) –your laugh, your hugs, your humour, your grin, your unconditional love and very presence are what we miss. Until we see you again.....

LORD, EVEN WHEN YOUR PATH TAKES ME THROUGH THE VALLEY OF DEEPEST DARKNESS, FEAR WILL NEVER CONQUER ME, FOR YOU ALREADY HAVE! YOU REMAIN CLOSE TO ME AND LEAD ME THROUGH IT ALL THE WAY. YOUR AUTHORITY IS MY STRENGTH AND MY PEACE. THE COMFORT OF YOUR LOVE TAKES AWAY MY FEAR. I'LL NEVER BE LONELY, FOR YOU ARE NEAR.

Cailen Vilness

Our Beautiful Cailen...

Not a day goes by that we don't think about and miss our sweet Cailen.

At only 23 years of age his life was just beginning. Ten days before the accident he sent me, his Mom, a text to let me know of his plans to propose to his beloved Jayden. When I read the text that day, I never imagined he would not have the chance to bend his knee before her and ask her to be his wife...

He left behind his many family members, three sisters, and two brothers, along with his niece and nephew who he spoiled like crazy at every opportunity he had.

Cailen had an incredible sense of humour and was always making us laugh. He would crack jokes at every opportunity causing everyone around to laugh or smile.

He was a loyal, loving, considerate, and compassionate person which we all adored him for. He always paid attention to the little things in life that others could overlook, be it, the homeless man on the street, someone around him who was sad or struggling or just someone who needed a friend.

From a very young age Cailen loved cars. As a child you would see him carrying his see-through backpack displaying his most cherished collection of dinky cars. As an adult he was able to own some of those cars he carried on his back and second to Jayden and his dog Ellie he dearly loved his car.

He was a loyal, loving, sensitive and caring. A beautiful man in his own right. He went out of his way to make people happy or bring some joy and light to their life in some way.

We know that nothing can bring back our precious Cailen. Loved by everyone he came into contact with.

WE MISS YOU PRECIOUS CAILEN!

Patrick Stemmer

Where to even begin...

Patrick was such an incredible human being. He had the biggest heart and kindest soul. Its hard to believe it's been a year since we lost such a genuinely great man but here we are.

Patty was the definition of an amazing father. He would come home exhausted from a hard days work and still gather every ounce of energy to play with and love on our two little girls. He would give them everything and anything he

could as long as it would make them smile, or happy. He was the very essence of what a good Daddy is.

Pat was an amazing husband, so kind and patient. We met as teenagers, and were able to grow together over almost a decade that we knew each other. I feel blessed knowing that I got to love and be loved by the wonderful man that he was and had become over our 8 year love story.

Pat was also a remarkable brother and son. He was the baby of the family and was so unbelievably loved by his parents, sisters and brother. They grew up as an incredibly close family and I know how much he cared for each member of his family.

Trying to sum up who a person was in a few paragraphs is a hard task, let alone trying sum up such an exceptional human like Patty.

If you take away anything from this little write up, let it be that Pat was a very loved man who is so very missed by everyone who knew him.

WE LOVE YOU PATTY AND WE MISS YOU EVERY SINGLE DAY!

Eric Stemmer

Throughout his 32 years Eric lived his life to the fullest. He possessed a true love for his life and the people in it.

Eric loved summertime and the free weekends when he could test out all his camping gadgets he collected all year long. He loved sunny days when he could get out and ride his Harley along quiet peaceful roads with his Dad, brother or a friend. He loved hanging out with his family and friends, (events that Eric somehow always turned into a loud singalong dance party.)

Eric was so many things to so many people throughout his life but more than anything Eric was a family man through and through. From the moment that he became a father his entire world revolved around the family he was building and the future he wanted for them. Even when he was clearly exhausted from a long day he never failed to find the patience, love and energy to play with his girls and tuck them in to bed each night.

Eric loved every moment of being a father, the good, the bad and the sleepless. His joy came from his family and the moments he got to teach his girls how to play soccer or learn how to skate and watch them figure out how to do it all on their own. In early April Eric and his wife Katie found out they would soon be welcoming a third little baby into their family and he was beyond excited to meet his third perfect little daughter or his first sweet baby boy. On Nov 30, 2021 Gryffen Eric Stemmer was born at the Kelowna hospital, in the maternity wing built by his Daddy.

Everyone who knew Eric knew he was special. He was the kind of person that most people hope to know or to be like someday. A close friend at work used to jokingly refer to Eric as "Sunshine" because of his blonde curls, light, and humorous personality and it suited him well.

THE WORLD IS A DARKER PLACE WITHOUT YOU HERE.
