

NUS England Rep Entitlement 26-27

This is a document for students' unions in membership of NUS UK. The purpose is to provide the number of NUS reps each SU will receive in 2026-27. This document now represents final numbers and has been updated based on the most up-to-date student numbers.

Basis for proposing rep numbers

NUS Reps exist to represent members throughout the year in our democratic processes. Our Rep entitlements are tied to student numbers but with a minimum number for smaller unions. We're committed to ensuring FE members have a minimum of 2 Reps.

We are no longer requiring gender balancing of your reps. However, our recommendation, particularly for students' unions with larger rep numbers would be ensure that disabled, LGBT+, trans, racialised and women students are represented through your rep selections, with NUS-UK's campaign priorities in mind.

Calculation

We calculate Rep entitlement for NUS England in relation to full-time equivalent student numbers. Rep numbers are calculated using a tiered system. All SUs receive a minimum allocation of 2 Reps, with an additional Rep added for every additional 10,000 students. The maximum number of Reps is 6.

All data is either taken from HESA student numbers or the results of the NUS Charity Big SU Survey. FTE calculation is based on HESA's standard weighting i.e. a part time student counts for 0.6 FTE.

Updates

V4 was created 23/09/26 – updated with new members' rep numbers and updates to numbers where members have provided additional data.
